Workplace operations professional with 7+ years across San Francisco tech, startups, and coworking, turning empty shells into offices people are glad to walk into. I own vendors, budgets, build-outs, moves, events, and the everyday details that make a space work for the people in it, and I build systems that keep running after handoff.

WORK EXPERIENCE

Workplace Coordinator | Cushman & Wakefield, San Francisco, CA July 2026 – Present

- Embedded on-site at a high-growth security-compliance company's SF headquarters, running daily workplace operations under a global facilities contract spanning 5 offices.
- Coordinating the client's HQ relocation end-to-end: mover and installation bids (~100 workstation monitors), building management logistics, and move-day sequencing, the third HQ move of my career.
- Own vendor and spend operations from the pantry program to procurement approvals; planning a ~300-guest company holiday party end-to-end.

Workplace Generalist | Rho, San Francisco, CA March 2026 – July 2026

- Ran a 13,000 sq ft, three-floor HQ build-out with no general contractor, coordinating 15+ vendors, contractors, and building management directly, including real-time site adjustments and executive walkthroughs with the CEO.
- Designed and executed the full workplace experience, from space planning and kitchen installation to AV, signage, and furniture, taking the office from shell to fully operational.
- Drove cost optimization through contractor negotiation, consistently bringing proposals in under estimates; caught a ~\$1,000 design-firm overcharge by auditing invoiced hours against meeting records.
- Owned the new-hire arrival experience end to end: I-9 verification, desk setup, welcome materials, and day-one hosting.

Senior Office Coordinator | Klaviyo, San Francisco, CA May 2025 – December 2025

- Stood up a brand-new SF office from scratch, sourcing and negotiating every vendor contract; managed an enterprise vendor portfolio including CBRE, Knotel, and WeWork.
- Led an end-to-end remodel of a modular event space (AV installation, City of SF electrical permits, cross-country furniture sourcing), delivered \$30K under budget; the space supports All-Hands, off-sites, and client events for 200+ employees.
- Built a COI compliance tracker in Monday.com that auto-runs certificate-of-insurance renewals; scaled to 8+ global offices and still runs with zero manual chasing.
- Rebuilt facilities ticket routing with IT in Jira, cutting Office Support ticket volume ~20%, and wrote the SOPs for onboarding, office moves, vendor and COI compliance, and ticket intake.

Office Coordinator | BRIDGE Housing, San Francisco, CA May 2024 – May 2025

- Led a ~300-person HQ relocation delivered 17% under budget with zero downtime, sequencing furniture install, movers, IT cutover, and a dedicated secure team for confidential HR files and tenant PII.
- Central workplace point of contact and concierge for executive leadership (CFO, HR, Marketing) and 500+ employees; supported board-of-directors meetings with room setup, catering, and pre-meeting IT testing.
- Audited vendor invoices line by line and moved snack-and-beverage buying direct, tripling value on a flat \$2,000 monthly budget; launched a concessions and engagement program that lifted on-site attendance 35%.

IT Analyst (Workplace Ops) & Member Experience Associate | Werqwise, SF & San Mateo, CA August 2021 – December 2023

- Owned AV and IT for all conference and Zoom rooms across two sites; led an OptiSigns digital signage overhaul saving ~\$15,000/year, scaled from SF to San Mateo to the UK, and added Matterport virtual tours that drove a 10%+ tracked lift in sales tours.
- Built a QR-code asset check-in/check-out system tied to member CRM records for lease-end reconciliation; drove member retention from open churn to 3.5% through engagement programming and events.

Office Manager | ConnectionsSF, San Francisco, CA June 2019 – April 2020

- Led full office operations: vendor management, onboarding/offboarding, account reconciliation, cross-department escalations, and seasonal and community events.

SKILLS & TOOLS

Skills: Vendor & contractor negotiation, office build-outs & moves, facilities & building management (COIs, access, maintenance), budget oversight & cost control, events (All-Hands, off-sites, holiday parties), onboarding & new-hire operations, SOP writing & process automation, executive & board support.

Tools: Monday.com, Jira, Freshworks, Envoy, Nexodus, OptiSigns, Matterport, Navan, Brex, Ramp, Zip, Granola, Google Workspace, Microsoft 365, Slack, Zoom, Claude & generative-AI workflows.
